ROM

Royal Ontario Museum

Museology Publications

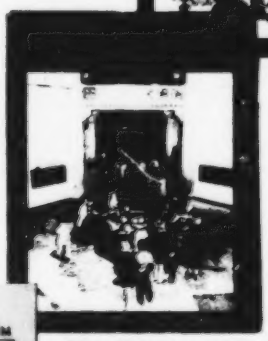
An important aspect of the planning and execution of the ROM's $50 million renovation and expansion project has been the publication of a variety of documents containing the results of research undertaken at this museum and elsewhere in preparation for the project. Many of these reports contain research of a kind never before undertaken at a museum. They will be of interest and value to all who are involved in the planning, design, preparation, operation, and evaluation of museum exhibits.

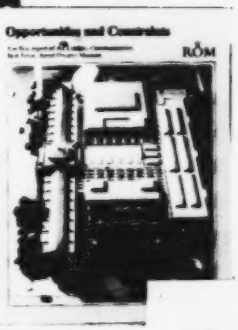
"Museums of all kinds, no matter where they are situated or what kind of collections they house, will find both the methodology and the conclusions of these reports stimulating and of practical application to their own institutions. It is not an exaggeration to say that the series of reports represents the most important contribution to the literature on the subject of museum communication ever to be published."
— Geoffrey Stansfield in *Museums Journal* (review of *Mankind Discovering* and *Opportunities and Constraints)*

Hands On: Setting Up a Discovery Room in Your Museum or School
1979, 184 pp., $9.50
A fruitful resource for museums or schools. The report describes the planning, development, and operation of the ROM's Discovery Room, gives detailed lists of the components, their methods of use, and concludes with an evaluation which provides data for further development.

In Search of the Black Box: A report on the proceedings of a workshop on microclimates held at the Royal Ontario Museum, February 1978
1979, 106 pp., $8.50
Background information about the workshop is provided, a detailed account both of the preparations for the workshop and of the proceedings is given, and recommendations and conclusions are discussed.

Mankind Discovering
Vol. I: A plan for new galleries at the Royal Ontario Museum
1978, 272 pp., $15.00
Vol. II: Evaluations — the basis for planning
1979, 203 pp., $13.50
Volume I details the master plan for ROM galleries over the next 20 years. Volume II contains much of the important data on which the plan was based, mainly gathered from two visitor surveys: *Visitor Perception and Profile Survey* and *Overall Visitor Tracking and Satisfaction Survey.*





Opportunities and Constraints: The first report of the Exhibits Communication Task Force, Royal Ontario Museum
1979, 118 pp., $8.50
In this report, the Task Force surveyed in retrospect the preliminary stages of its work in the development of an overall plan for galleries and took the measure of the main planning task ahead of it.

The Museum and the Visually Impaired: The report of the work group on facilities for the visually impaired
1980, 28 pp., $3.75
The report presents findings and recommendations concerning the provision to be made for the visually impaired in the ROM's new and refurbished galleries. A useful source of guidance for other museums with similar concerns.

Communicating with the Museum Visitor: Guidelines for Planning
1976, 518 pp., $50.00
Commissioned to assist in the development of a comprehensive exhibit programme, the study is the synthesis of intensive research at other museums and of the findings of a number of experts in a variety of fields.

All books are 8-1/2" x 11" with paper cover.

ROM
Communicating with the Museum Visitor
Guidelines for Planning

Some opinions on **Communicating with the Museum Visitor:**

"... ought to be on the shelves of every museum and college library ..." — Alma S. Wittlin in the *CMA Gazette*

"... a first-rate publication which deserves the attention of every serious museum professional." — *The Museologist*

Books can be ordered from: Publication Services, Royal Ontario Museum, 100 Queen's Park, Toronto, Ontario, Canada M5S 2C6.

PLEASE NOTE

News About Membership

The Ontario Museum Association has recently broadened its membership with the following categories:

ASSOCIATE MEMBERSHIP

☐ an individual who is interested in supporting the principles of the Association. Associates will receive all benefits of membership except voting privileges.

INDIVIDUAL MEMBERSHIP

☐ **Museum Worker:** an individual who is working or has worked in a museum in Ontario in either a full time, part time or volunteer capacity.

☐ **Trustee:** an individual who is or has been a trustee of a museum in Ontario.

☐ **Student:** an individual enrolled in a museum studies programme in Ontario.

☐ **Museum-related Agency:** an individual who is working or has worked in a museum-related agency in Ontario.

FEES FOR 1981

Membership fees for all categories is $20 for 1981. The fee has had to be increased due to higher costs as well as the Association's need for increased financial self-sufficiency.

SUBSCRIPTIONS

Subscriptions to both of our regular publications, the *Quarterly* journal, and *Currently*, our newsletter, are available at $15 year, or separately: *Quarterly* at $10 yr.; *Currently* at $5 yr. Subscriptions to both are included as a benefit of membership at no additional cost.

Preface

This Directory is an updated and expanded version of the *Directory of Ontario Museums and Related Institutions* published by the Ontario Museum Association in 1979. It is hoped the Directory will serve several functions: as a source of public information on the rich museum resources found in Ontario, and as a reference tool for those working in the museum community both inside and outside the province.

In addition to the name, address, phone number and contact person for each institution, this edition contains several pieces of information not found in the 1979 Directory:
- a brief description of the nature of the institution and its collection
- the governing authority for each institution
- the physical location of the institution if different than the mailing address.

Two new indices have also been developed which we trust will increase the Directory's usefullness; a geograhical index listing institutions by county or region, and a subject index which classifies institutions on the basis of their types of collections. Institutions known by more than one name have been cross-indexed in the main body of the text. The geographical and subject indices show these names in parenthesis after the institution.

Data for the Directory was obtained from questionaires completed and returned by the institutions themselves, telephone verifications, and assistance from the Ontario Ministry of Culture and Recreation and the Canadian Museums Association.

We would like to thank Marsha Selick and Ilda Couto who worked tirelessly in compiling this data. In helping to make this Directory available, the Ontario Museum Association gratefully acknowledges the assistance of:

Experience '81 Programme (Province of Ontario)
Ontario Ministry of Culture and Recreation

If You Like Letraset You'll Love

Geotype

Dry-Transfer Lettering

YOU'LL LOVE IT, because it's guaranteed to never dry out.

YOU'LL LOVE IT because our big 12" x 16" sheets (28% larger than letraset) have more letters and cost a lot less.

YOU'LL LOVE IT because it transfers onto any clean, dry surface and stays there (great for display and art projects).

YOU'LL LOVE IT because it's available in black, white and five colours.

YOU'LL LOVE IT because it's available in 175 type styles and all sizes.

OTHER GEOGRAPHICS PRODUCTS:

- **Geotype** Dry transfer lettering
- **Geoex** Dry transfer shading
- **Geotape** Charting tapes
- **Geosign** Vinyl lettering
- **Geospecial** Custom transfer sheets
